McWane Resilient-Wedge Gate Valves with ALPHA™ RESTRAINED JOINT ENDS

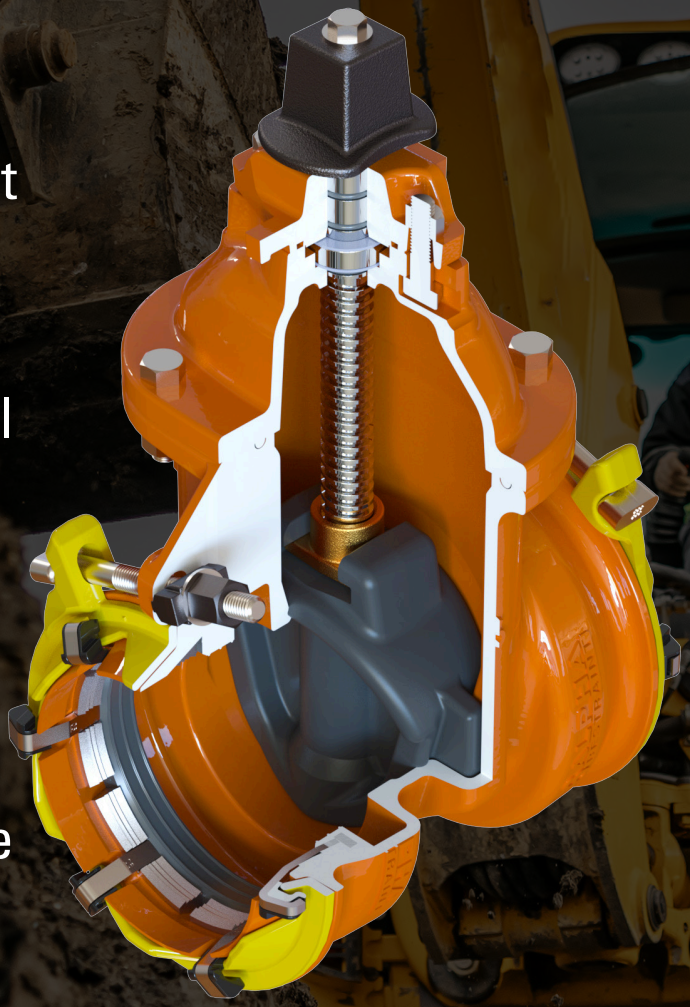
Solutions:

Save valuable **time** with only one nut to tighten per side.

Straightforward installation without any extra parts to worry about, for all levels of field knowledge.

Get the correct angle with individual grippers that allow 4 degrees of **deflection** per side.

Pipe flexibility to restrain to multiple types of common waterworks pipe materials.



MADE IN THE USA

AWWA C515 - NSF 61 Certified - Fusion Bond Epoxy Coated - 10 Year Ltd. Warranty
